

BP PRIME

BP PRIME

BP PRIME, opening the window  
to a world class financial platform.

## Welcome to BP PRIME

Founded by experienced foreign exchange industry experts and traders, BP PRIME is a global financial services company.

We deliver outstanding trading services for cryptocurrencies, foreign exchange (FX), indices and commodities, through a carefully curated product offering. With expert market insight and high speed of execution, we provide a robust platform and best-in-class service to our high net worth, professional and institutional clients at competitive trading costs.

BP PRIME is an 100% agency model, therefore we do not hold proprietary positions.

BP PRIME

## Our values

---

Our core values of integrity, client satisfaction, innovation and intellect are as true today as they were when we were founded and are what help to differentiate us from our competitors.

We aim to transform online trading, by creating a world-leading experience that our clients can trust.

## Advantages of trading with BP PRIME

---

- ◆ Leading global provider of online trading services for cryptocurrencies, FX, CFDs and commodities
- ◆ Secure low latency execution (LD4, NY4 and TY3 cross-connected servers)
- ◆ Customised liquidity pools with more than 20 aggregated liquidity providers including top-tier banks, ECNs and non-banks
- ◆ Tight spreads
- ◆ Complete trading anonymity
- ◆ No last look rejections
- ◆ 100% DMA – Direct Market Access (STP execution for all customers)
- ◆ No requotes, no broker intervention
- ◆ Access elite trading tools including risk management and price alerts
- ◆ Segregated accounts and capital protection for retail clients (FSCS up to £50,000)
- ◆ Regulated by the Financial Conduct Authority (FCA)
- ◆ Dedicated 24/6 customer support
- ◆ Offering best-in-class service for all our clients

## Technology

Our aggregation engine supports complex order routing via a state-of-the-art connectivity with liquidity providers as well as multi band liquidity streams for superior execution on high trading volumes. Trade using our industry-leading desktop platforms or FIX API.

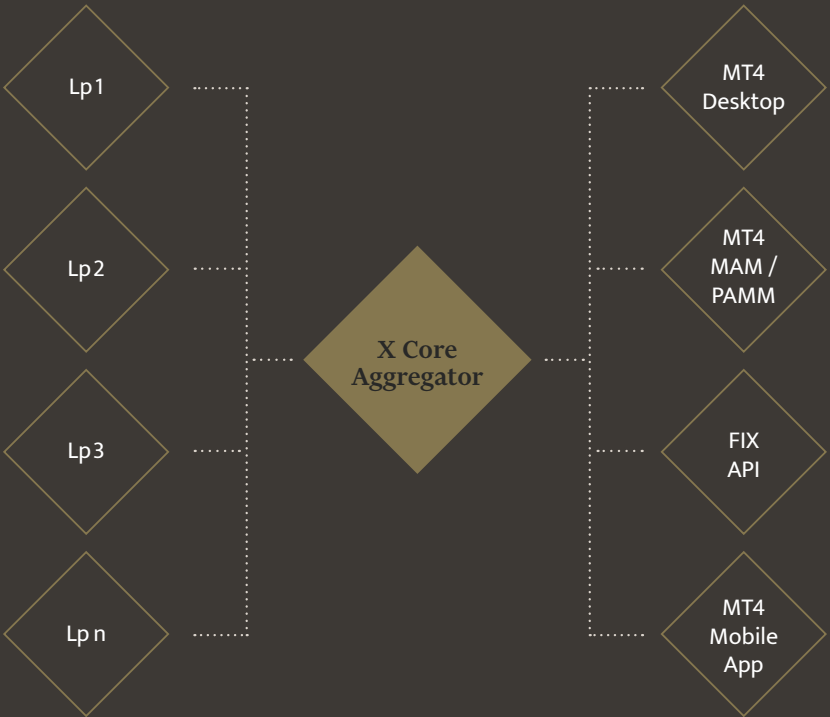

We offer access to powerful trading platforms that connect you to top-tier liquidity providers with ultra low latency execution. Together with a range of intelligent analytical tools, we help to simplify your trades and optimise performance. All our technologies come with full technical support.

## FIX Protocol – FIX API

Have confidence that your orders and other data are being sent securely, anonymously – and with minimal slippage – through the FIX protocol. We can offer you either a standard or a bespoke FIX API depending on your needs, with full technical and trading support.

## Equinix

Execute trades at sub-millisecond speeds to maximise your revenues. We have established our own cages inside Equinix's London (LD4), New York (NY4) and Tokyo (TY3) data centres. So you have direct copper and fibre connections to liquidity providers in the world's leading hubs for FX, CFDs and commodity trading.

## Instruments

### Cryptocurrencies

BP PRIME now offers you the opportunity to join thousands of traders who speculate the price movement on the top ranked digital coins. Trade Bitcoin, Ethereum and more cryptocurrencies on one of the best retail trading platforms in the market.

### Forex

BP PRIME eFX trading platform brings all our clients direct market access to liquidity (DMA) across a range of foreign exchange products. Thanks to a unique combination of technology and personal attention, BP PRIME is able to accommodate the requirements of the most sophisticated traders.

### CFDs

BP PRIME is proud to offer clients aggregated liquidity on indices CFDs either on our powerful MT4, a trading GUI or via FIX API. Clients can now diversify their trading possibilities and generate profits no matter what direction the market goes.

### Commodities

Trading commodities with BP PRIME has never been easier. Choose from a wide selection of commodities including softs, metals and energy. Start trading either with our powerful MT4, a trading GUI or FIX API.

8 At BP PRIME we offer a best-in-class  
service, insight and execution **connecting**  
our clients to top-tier liquidity providers.

### Elite Trader Tools

BP PRIME is proud to offer a suite of multi-platform, multi-lingual, market-informed apps which help traders to optimise their ability to trade successfully. The apps give traders institutional-quality tools over and above those provided in the MT4. This includes advanced trade execution and management, decision assistance, sophisticated alarms and messaging broadcasting facilities, plus news and market data.

Trade Terminal

Account Metrics

Mini Terminal

Alarm Manager

## Trade Terminal

The Trade Terminal is a feature-rich professional trade execution and analysis tool. It offers precision trading, automated scaling out from positions, templates for frequently used order entries, and analysis of open positions.

The Trade Terminal allows one-click entry for simple market orders, and two-click entry for potentially complex pre-defined templates. These templates can also be saved and used in the Mini Terminal and Market Manager tools.

## Account Metrics

The Trade Terminal gives an overview of current account metrics such as equity and margin usage, with simple facilities for setting up alerts on these figures — e.g. a warning if margin usage exceeds 10%. For specialised alarm management, including the ability to carry out automated actions, please see the Alarm Manager.

## Mini Terminal

The Mini Terminal is an extension of the Trade Terminal offered on our MT4, which displays the same deal ticket as the Trade Terminal in the context of a specific trading chart. The Mini Terminal can also undock entire charts from MT4 — it can be used to turn a single instance of MT4 into a multi-monitor platform, allowing the user to put different trading charts on different monitors.

## Alarm Manager

The Alarm Manager is a personal trading assistant which can notify the trader — or their followers on social media. The software can notify the trader about events, carry out trading actions such as placing new orders or closing existing positions, or send updates to followers via email, SMS, or Twitter.

It is designed both for individual traders and also for trade leaders and educators who want to broadcast important trade-relevant information to followers.

Through our in-depth industry insight,  
we deliver premium financial products,  
expertly managed and curated...

... and **bridge** the gap between  
knowledge and trust.

# Financial Security

BP PRIME is regulated by the Financial Conduct Authority (FCA). FCA requires licensed financial services providers to meet strict capital requirements and to implement and comply with internal procedures including risk management, staff training, accounting and audits. You should be mindful of the risks of trading Margin FX and note that you can incur losses when trading.

## About FCA

FCA is the independent watchdog that regulates financial services. BP PRIME is authorised and regulated by the Financial Conduct Authority (FCA) under the Financial Services Register Number 688456.

## Segregation of Funds

BP PRIME deposits all client funds in Segregated Client Trust Accounts with the NatWest bank. National Westminster Bank, commonly known as NatWest, is a large retail and commercial bank in the United Kingdom. Since 2000 it has been part of The Royal Bank of Scotland Group Plc, ranked among the top 10 largest banks in the world by assets.

## Regulatory Capital

The FCA requires licensed businesses to maintain adequate financial resources at all times to ensure business remains financially stable.

## Investor Protection

All retail clients of BP PRIME whether you are a UK citizen or not, have their funds fully protected up to £50,000 by the FSCS in the event that we are unable to return client money. More details can be found at: [www.fscs.org.uk](http://www.fscs.org.uk).

## Operating efficiently, honestly and fairly

We comply fully with FCA Principle of Business 6, which requires every regulated financial firm to ‘pay due regard to the interest of its customers and treat them fairly’. That means we’re committed to protecting your interests in everything we do, from promoting our services and suggesting products right through to after-sales service and handling complaints (see below).

## Complaints

We hope you’ll never have reason to complain about our service. But if you do, you’ll find we deal with complaints promptly and fairly, in line with FCA guidelines. You can contact our complaints handling and compliance team via [compliance@bpprime.com](mailto:compliance@bpprime.com).

We also encourage our team to suggest improvements we can make based on customer complaints.

## Payment Options

BP PRIME is happy to accept the following methods of deposit:

- ◆ Skrill
- ◆ Neteller
- ◆ Union Pay
- ◆ Bank Wire
- ◆ Visa, Maestro and Mastercard
- ◆ Deposits accepted in EUR, USD and GBP
